Asia-Pacific Society for Computers in Education (APSCE)

ICCE CONFERENCES

The International Conference on Computers in Education (ICCE), which are held annually in the Asia-Pacific Region, are leading international forums for reporting current research in the field of computers in education.

The conferences provide the opportunity for exchanging information and ideas on research related to all aspects of the use of computers in education, including the development of software applications to support learning and reports of empirical work. Society members receive reduced registration rates for ICCE conferences. APSCE encourages young researchers to be a part of its academic community through reduced membership and conference fees. ICCEs also feature special sessions for post-graduate students to present their current research-in-progress.

Brief History of ICCE Conferences

Stage One: From 1989 to 1993

The ICCE was originally planned as a conference series sponsored by the Ministry of Education and the National Science Council of Taiwan. It was held every two years in Taiwan by different universities to promote research and development related to computers in education.

Stage Two: From 1995 to 2003

The Asia-Pacific Chapter (APC) of AACE was established in 1 January 1994. From 1995, the ICCE conferences were monitored by the Executive Committee of APC. ICCE become an annual conference from 1997. It has been held in Singapore, Malaysia, China, Japan, Korea, New Zealand, and Hong Kong.

Stage Three: Birth of APSCE and onwards

The APC of AACE became an independent society in March, 2003, with the new name Asia-Pacific Society for Computers in Education (APSCE). Inheriting the 14-year history of ICCE activities, APSCE has established itself as a full-fledged academic society rooted in the Asia-Pacific region.

Locations and Hosts of ICCE Conferences by Year:

- ◆ ICCE 1989, National Taiwan Normal University, Taiwan
- ◆ ICCE 1991, Tamkang University, Taiwan
- ◆ ICCE 1993, National Central University, Taiwan
- ◆ ICCE 1995, Information Technology Institute, Singapore
- ◆ ICCE 1997, Universiti Malaysia Sarawak, Malaysia
- ◆ ICCE 1998, North Jiaotong University, China
- ◆ ICCE 1999, University of Electro-Communications & Chiba Institute of Technology, Japan
- ◆ ICCE 2000, National Tsing Hua University, Taiwan
- ◆ ICCE 2001, Incheon National University of Education, Korea
- ◆ ICCE 2002, Massey University, New Zealand
- ◆ ICCE 2003, Hong Kong Institute of Education, Hong Kong
- ◆ ICCE 2004, RMIT University, Australia
- ◆ ICCE 2005, Nanyang Technological University, Singapore
- ◆ ICCE 2006, Beijing Normal University, China
